**For all the kids and young adults who want to learn  
our hymns and prayers but have a difficult time  
reading Gujarāti and Hindi.**

**Sat Kaival Saheb**

Sat Kaival Saheb,

It is with great pleasure we present to you the very first volume of Kaival Krupā Bhajanavali with bhajans, stutis, prathnas, ārtis, dhuns, and various hymns converted to the English alphabet. The purpose of this book is to make all these prayers available to youth living outside India. Growing up in the U.S., Canada, U.K., and other countries where English is the primary language, it is difficult for our youth to have access to our literature and our culture. It is important to teach our kids about our religion and our culture but it is difficult to do that when everything is written in Hindi, Gujarāti, Sanskrit, or Prakrut.

After Kaival Gyan Mandir's Prān Pratishthā Program in 2007, Kaival Gyan Mandir Youth organized a Sunday School and began organizing a Youth Sector whose main focus was to help the youth around Chicago learn about the Kaival Dharma, Hinduism, and the Indian Culture. One thing we realized was this would not be possible without having literature and prayers available in English for our generation of Youth to read and learn from. Thus began the process of conversion. We slowly started converting bhajans, stutis, dhuns, and ārtis in English so our kids could learn how to sing. Music is such an important aspect of any culture and religion. It is one way to express our feelings artistically. With each bhajan, dhun, ārti, and stuti we can express our faith, devotion, and love for Paramguru. When combined with music it is truly a beautiful experience and we want everyone to be able to have it.

This book is composed of bhajans, dhuns, stutis, ārtis, and various hymns written by Paramguru Shreemat Karunāsāgar Mahārājshree, our Sampradāya Āchāryas including H.H. Āchārya Shree Avichaldāsji Mahārājshree, Sant Tulsidās, and Sādhavi Pujya Gitā Didi. All these hymns were converted to the English alphabet by our mandir elders and young adults; and they were edited, formatted, and put together by our Chicago Kaival Youth members. This group of high school and college students went above and beyond the call of duty to put this amazing book together. They spent countless hours reading, correcting, editing, and formatting this book so kids and adults everywhere can use it to learn more. Thank you to everyone who has put their time and effort to bring this book together. We hope people all over the U.S., Canada, and U.K. will be able to use this book to express their devotion and faith towards Paramguru.

Sat Kaival Saheb,

Chicago Kaival Youth

# KAIVAL KARTĀ

Kaival Kartā is the ultimate creator and controller of the entire universe. Kartā has no beginning, middle, or end. Kartā has no gender, race, name, body, or form. Kartā exists in the form of DIVINE energy and no one can compare to Kartā's powers. Paramguru has described Kartā's powers, Kartā's creations, and Kartā's Dhām (Abode) in several granths. The ultimate goal is to attain salvation (Moksha) and go to Kaival Dhām. An Ansha who connects with Kartā and receives moksha experiences unbelievable amounts of happiness. We will use 'he' to refer to Kartā, but this does not mean Kartā is a man.

*Adhya Sakrata Swaraj Karunesha Kaival Karta Tvam Namaami*

**Paramguru Shreemat Karunāsāgar Mahārājshree** has dedicated five specific and special adjectives to describe **Kaival Kartā**.

- 1. Ādhya** - Kartā has no beginning, middle, or end. HE is eternal, immortal, and will never be born through a mother's womb. HE has never, nor will HE ever come on earth.
- 2. Sakrata** - Kartā is the benevolent creator of the infinite universe. HE is self - illuminated as a divine light and prevails as Sohanga - Pranava (the system which keeps all living things alive).
- 3. Swarāja** - Kartā is all desires, deeds, and knowledge. No one is equal to Kartā.
- 4. Karunesha** - Kartā is benevolent, impartial, judicious, and compassionate to all his anshas and he treats them all equally according to their deeds.
- 5. Kaival** - 'Kai' means 'devoid of' and 'Val' means name, form, figure, and qualities (Rajo Guna, Tamo Guna, Satva Guna). Therefore Kartā is DEVOID of names, forms, figures, and qualities. HE is beyond imagination and reasoning.

**Kartā** - Creator and Controller of the Universe

**Tvam Namāmi** - I, the Ansha of Kaival Kartā, bow my head to such an amazing Creator.

# Paramguru Shreemat Karunāsāgar Mahārājshree

“All that is visible is created by ‘Kaival Kartā’ (Anshi), and HE himself, as HIS own part and parcel, being an ‘Ansha’ resides in every human being as a living force - animation.”

Paramguru says this in the **Aghāda Bodha Granth** to demonstrate how all living-beings are equal and there is no such thing as caste in Kartā’s Dhām. Paramguru Shreemat Karunāsāgar Mahārājshree is known by several identities. He is known as a “**Kaival Vettā**” (meaning: he knows everything about Kaival Kartā). He is the **Param Vishesh Ansha** of Kaival Kartā. Kaival Kartā is THE one and only universal GOD. Kartā has no gender, name, form, figure, or shape. Kartā sent Paramguru to give everyone GNĀN (knowledge) about Kaival Kartā. There is only one GOD (Kaival Kartā) and nobody can compare to Kartā. Paramguru travelled through various Loks (worlds, galaxies, and planets), and he travelled to 6 dvips before he came to the 7<sup>th</sup> dvip (Jambu Dvip), which is our world. After leaving

Jambu Dvip he went straight to Kaival Dhām back to Kartā.

Paramguru was never born through a mother’s womb; he always materialized (was pragat). His body is not a real body like regular humans. He has taken a body form so he can be visible to his followers and he can help guide devotees on the path toward Kaival Kartā. Paramguru composed 15 granths (religious scriptures) filled with knowledge about Kartā and various religious practices. He has said in the Aghāda Bodh Granth, “**Whoever reads all my granths, will have no question or doubts remaining in their minds or hearts.**” In the various places Paramguru went to, including our world, he helped thousands of devotees with so many different problems through parchas (miracles). Paramguru has 18 chinhs (special markings) on his hands and feet. He also has 16 vibhutio (special powers), which were given to him by Kaival Kartā. He also has the ability to help anyone at anytime and at any place.

# BHĀL TILAK

His divine grace Paramguru Shreemat Karunāsāgar Mahārājshree has explained the meaning of the Bhāl Tilak in two of his granths, Aghada Bodh and Pancham Sukshma Ved. Paramguru has used science and biology in both of these granths to explain many traditions (like the Bhāl Tilak) and phenomena we see around us every day. The Bhāl Tilak is a symbol of a Jyoti (flame) of a burning candle. When the Pranava (breathing) flows through with uniformity from both Pinghala and Inghala Nādees (Right and Left Nostrils), the third Nādee in the middle (Sukshmana Nādee) opens up and at that time, the person is in a complete tranquil state, completely dedicated to Kaival Kartā. When these Pinghala and Inghala Nādees meet the Sukshmana Nādee, it forms a symbol like a Jyoti (flame) of a burning candle and it forms a Bhāl Tilak on the middle of the forehead. The Bhāl Tilak is made up of Kanku (inside) and Chandan (outside). Chandan represent suratā and nuratā (both meaning steady and deep concentration of the mind). Behind the upper point of the Bhāl Tilak, the Brahma Randhra (cerebral cortex) is situated and this is the place where the ANSHA resides. The Bhāl Tilak connects us directly to Kartā.

## Bhāl Tilak Chopai (Hymn) - (Pancham Sukshma Ved)

Bhāl Tilak Aur Bhajan Kaival Kā, Jam Juth Kula Nahi Dar Amala Kā |  
Tilak Bhāl Anubhav Ehee Neeranu, Mahima Atul Gati Kāhā Mama Baranu ||

### Meaning:

Paramguru Shreemat Karunāsāgar Mahārājshree has written this chopai (hymn) in the Pancham Sukshma Ved. He is saying a person who does the Bhāl Tilak and Kaival Bhajan doesn't fear Yama (the devta of death). The importance and greatness of these things are indescribable.

### Word Translation

'Pranava' - the act of breathing

'Pinghala Nādee' - Right nostril

'Inghala Nādee' - Left nostril

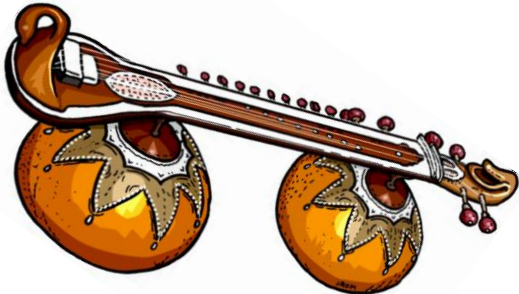

'Sukshmana Nādee' - Middle point - straight up to forehead

'Brahma Randhra' - Cavity of cerebral cortex - where ANSHA resides

# AMAR MANTRA

PARAMGURU SHREEMAT KARUNASAGAR MAHARAJ  
[DHYAN (MEDITATION) SWARUP]

## The Amar Mantra:

**"Ohanga Sohanga Sat Charana  
Yugala Roopanga Tvam Namāmi"**

was given to us by **Paramguru Shreemat Karunāsagar Mahārājshree**. The Amar Mantra is the strongest mantra in the entire world. This mantra has a significant meaning and a significant connection with our body, our brain, and our respiratory system.

## What does this Mantra mean?

When we say the Amar Mantra we are doing two things:

**Number 1**, we are bowing our heads to Kaival Kartā

**Number 2**, we are acknowledging how we are an 'Ansha' of Kaival Kartā.

**"I bow my head and pray to the creator and the controller of the universe the 'Anshi (Kaival Kartā)'"**.

**Who am I? ---** When we say the Amar Mantra, we are saying, **"I am an 'ANSHA' of Kaival Kartā."**

## As an 'ANSHA' of Kaival Kartā I am saying...

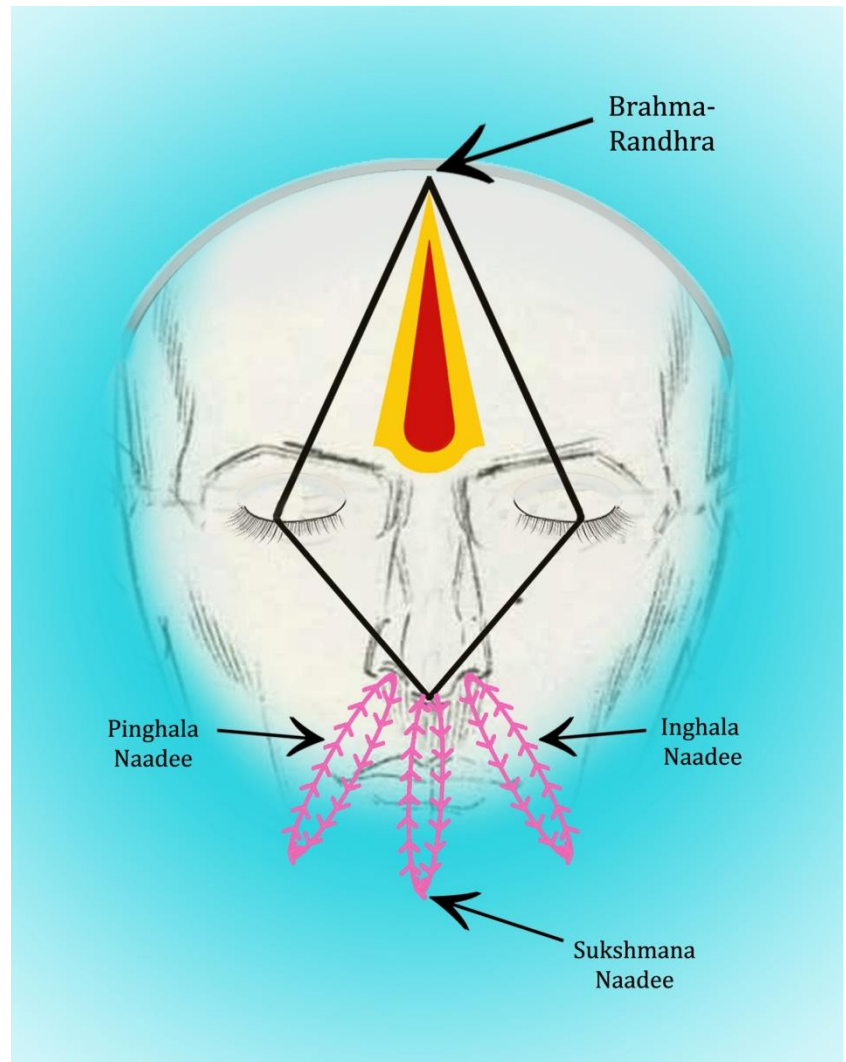

I, the controller of the body (the ANSHA), who is a part of Kaival Kartā (the ANSHI), keep this body alive with the help of Sohanga-Pranava (breathing system). I, the eternal ANSHA, am devoid of a mind, intellect, consciousness, egoism, and senses, and as such, I BOW my head and pray to Kaival Kartā (the ANSHI).

The ANSHA has DIVINE energy. This divine energy makes the 'Ohanga and Sohanga' (internal controls) act and keep the body alive, active, and allows it to work. The divine energy of the ANSHA allows the 'Sohanga-Pranava' (breathing system) to be active and allows the body to stay alive.

## WHAT DOES THIS ALL MEAN?

We have two nostrils, right (Pinghala) and left (Inghala). At any given time, our body is only using one airway at one time. However, by doing a certain YOGA breathing technique (Anulom-Vilom) we can open up both of our nostrils (nādees). When both nostrils (nādees) are open, the third nādee opens up (Sukshmana Nādee) and we are in a complete tranquil state of mind ('Akash Tatva'). Our mind is completely peaceful and detached from worldly problems; our only focus is Kaival Kartā. When THIS happens our internal system begins chanting the Amar Mantra automatically. The Amar Mantra is in perfect sync with our breathing system.

- As we **breathe in** we say, **"Ohanga Sohanga Sat Charana."**
- As we **breathe out** we say, **"Yugala Roopanga Tvam Namāmi."**

According to Paramguru, we should do at LEAST one Amar Mantra mārā a day. This mantra can help us focus and connect to Paramguru and ultimately Kartā.

## H.H. Āchārya Shree Avichaldāsji Mahārājshree

His Holiness Āchārya Shree Avichaldāsji Mahārājshree is from the village of Hathipura. As a young boy, he was clever, active, bright, and obedient. He was always ready and willing to serve others and he was a bhakta (devotee) of Shivaji. At a very young age (17) he renounced all worldly attachments and relations and went to Sārsāpuri to do sevā and learn about Kartā. Pujya Shree Sitaldāsji Mahārājshree accepted him as a shishya (student). Shitaldāsji Mahārājshree gave Avichaldāsji Mahārājshree sadhu-diksha and sent him to Kashi (Banaras) to study the sashtras (religious teachings). Shree Shitaldāsji Mahārājshree had Shree Avichaldāsji Mahārājshree learn the Nāya Sashtra (the hardest sashtra). After seeing Avichaldāsji Mahārājshree's sincerity, truthfulness, faithfulness, and eagerness for knowledge and sevā, Sitaldāsji Mahārājshree appointed him as the Saptam (Seventh) Kuverācharya of the Sampradāya on January 14th, 1974 (Uttaryanna). He became the head of the Sampradāya at the young age of 19 after Shitaldāsji Mahārājshree went to Kaival Dhām.

### PAVING THE WAY TO AN AMAZING FUTURE!

Since he began his time on the Gādi, Pujya Shree Avichaldāsji Mahārājshree has made TREMENDOUS strides and efforts to spread the knowledge of Paramguru.

So what has he done?

1. In 1982, the 210th Paramguru Pragataya was celebrated with divine 9 day program, which thousands of devotees attended everyday.
2. He established a Yuva Mandal in Sārsā to get more young people active.
3. In 1992, the Prān Pratishthā Shatabdi Mahotsav of the Gurugādi Mandir was celebrated with a 451 day Akhand Dhoon and Akhand Parayan.
4. He started Kaival Bāl Sansakar Kendras in every village to inspire children to become Bāl Nemis.
5. In 1995, there was a grand Vedic Sanskar Mahotsav celebrated in Chicago.
6. Starting in 2001, Suvarna Tula Mahotsavs were arranged for the establishment of the Sat Kaival Eye Hospital. This Eye Hospital provides eye care to poverty-sticken people free of charge.
7. He began the program of 'Guruji Ni Nisra' in an effort to educate more people about Kaival Dharma and Paramguru.
8. He has established over 60 new Kaival Gyan Mandirs all over Gujarāt. He also finished the work for the mandir in Bālkuver and he established a mandir in Fājalpur where the famous Amar Dadham is. He also established a grand mandir in Jaipur, outside of Gujarāt.
9. He has established the FIRST Kaival Gyan Mandir outside of India in Carol Stream, IL (Chicago Area).
10. For the past 10 years, he has help poor families marry their daughters into good homes. Each year the number of girls he helps is the same as his age.
11. He has established several schools for children in Sārsā and Bālkuver.
12. He has written countless numbers of stutis, bhajans, āratīs, and literature to help guide Kaival Devotees towards Paramguru.
13. He was made the President of the Akhil Bharatiya Sant Samiti and he has led the saints, sadhus, and mahants in India.

a

H.H. Āchārya Shree Avichaldāsji Mahārājshree has done so much it is hard to account for everything. He is truly a divine and spiritual leader who has helped thousands of people, and has worked his hardest to spread Kaival Gyān. To have a Guru like him is a true blessing.

## FOUR TIRTH DHĀMS

There are 4 Tirth Dhāms in our Gyan Sampradāya, all located in the state of Gujarāt. A Tirth Dhām is a holy place where miraculous events have occurred or where there is something of great importance.

### Sampradāya Headquarters – Gurugādi Sārsāpuri

This is the main seat for our Sampradāya (organization). Paramguru established it and it follows the traditional guru-shishya parampara (teacher – student tradition). Each Āchārya is responsible for organizing, maintaining, and growing the Sampradāya while on the Gādi (seat). Each Āchārya is also responsible for appointing the next Āchārya. This was the second mandir built in our Sampradāya. It was designed and established by Dvitya (second) Kuverāchārya Shree Narandāsji Mahārājshree. This mandir was built in the exact location of the “Bitter Nimb Tree” where Paramguru did Satsang while he was on Earth. Shree Narandāsji Mahārājshree started the work for this mandir in Vikram Sanvat 1934 (after Paramguru went to Kaival Dhām) and he did the Paramguru Prān Pratishthā on Vaishak Sudee Purnimā in Vikram Sanvat 1946.

### Samādhi Mandir – Sarsai Bāg

The Samādhi Mandir is located behind our main mandir in Sārsā. It was established by Shashtam (sixth) Kuverāchārya Shree Shitaldāsji Mahārājshree. It contains the Samādhi of all the Kuverāchāryas who have gone to Kaival Dhām including Paramguru.

### Bālkuver Mandir – Kāsor, Gujarāt

Pujya Shree Sitaldāsji Mahārājshree found the exact location of Paramguru Pragatya and he established a mandir in that spot in the village of Kāsor. In this mandir, there is a Bāl Swarup murti of Paramguru. Pujya Shree Avichaldāsji Mahārājshree has opened a school attached to this mandir, which provides education to poverty stricken children. He has also started annual pad yatras (walk a thons) to Bālkuver Mandir from Sārsā Mandir. Thousands of devotees take part in this blessed event.

### Amar Dādham – Fājalpur, Gujarāt

This mandir was established by Saptam Kuverāchārya Shree Avichaldāsji Mahārājshree. It is the place of the great ‘Amar Dādham’. When Paramguru was doing Kaival Gyan Prachar, he went to a devotee’s farm in the village of Fājalpur. When he was there, he sat under a Dādham (pomegranate) nu Vruksh (tree) and performed a great miracle. Because of this divine energy, Paramguru announced the Dādham nu Vruksh had become Amar (immortal). This tree has been there for over 150 years. Āchārya Shree Avichaldāsji Mahārājshree has begun doing annual pad yatras (walk a thons) to Fājalpur from Sārsā. Thousands of devotees take part in this blessed event.

## Kaival Gyan Mandir – Chicago

Kaival Gyan Mandir was founded by Kaival Gyan Chicago Foundation in May of 2006. Kaival Gyan Chicago Foundation is a non-profit organization inspired by Kaival Gyan Sampradāya (located in Sārsā,

Gujarāt) and Pujya Shree Avichaldāsji

Mahārājshree (seventh

Kuverāchārya and current leader) to

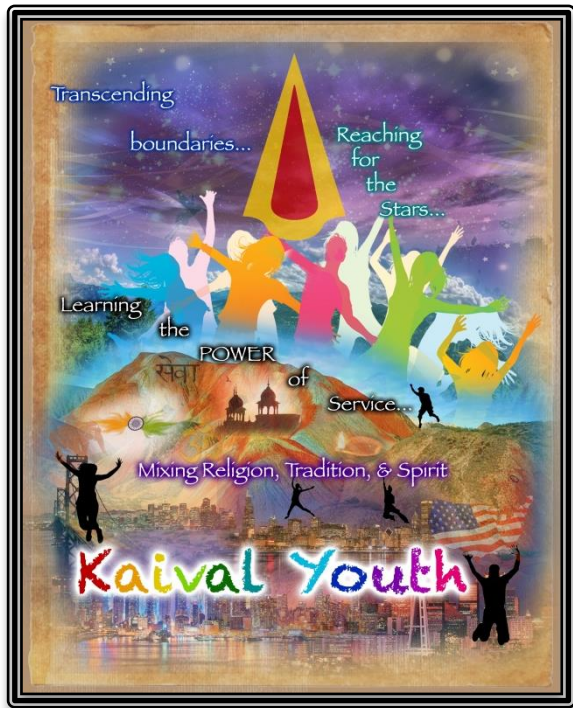

help guide Kaival Satsangis (devotees) in Chicago, IL. Kaival Gyan Mandir is also the first abroad mandir. Kaival Gyan Sampradāya has established various Kaival mandir all over India, mainly Gujarāt. However, before Kaival Gyan Mandir (Chicago), there were no Kaival mandirs outside of India. Various cities in the U.S. and England have created organizations like Kaival Gyan Chicago Foundation to help guide Kaival Satsangis. All these various organization teamed together in 2006 to establish the first Kaival Gyan Mandir outside of India.

With Paramguru Shreemat Karunāsāgar’s blessings and H.H. Āchārya Shree Avichaldāsji Mahārājshree’s guidance, Kaival Gyan Mandir held its first consecration ceremony in the summer of 2007. This program, formally known as Paramguru Prān Pratishthā Mahotsav, was celebrated over a period of three days (June 29th, 30th, and July 1st, 2007). Pious saints and gurus from all over India were in attendance along with Pujya Shree Avichaldāsji Mahārājshree. In the Hindu religion, a consecration ceremony (Murti Prān Pratishthā) is a ceremony in which statues of idols are brought into the mandir. For Kaival Gyan Mandir, a murti (statue) of Paramguru, which was hand carved in India, was brought over and placed in the mandir.

Several rituals were performed as a part of the ceremony. On July 13th, 14th, & 15th, 2012, Kaival Gyan Mandir celebrated the second consecration ceremony by bringing in the murtis of six devi/devtas (Hanuman, Ram-Sita, Radha-Krishna, Shiv-Parvati, Ambā Mata, and Ganpatiji). This three-day celebration also marked the 5th anniversary of the original Pratishthā. Overall, the event was celebrated with much grandeur. Every year, Kaival Gyan Mandir celebrates various events, Hindu Holidays, and hosts cultural programs for events like Mahibij, GuruPurnimā, Patotsav, and Diwali. There are also annual blood drives and walk a thons held at mandir to help support our community. One of the most prominent aspects of the mandir is its youth sector. They contribute to the development of the mandir through learning, teaching, performing cultural programs, and helping with decorations for events. It is a community based on teamwork and trust.

## Our Mission:

“Empowering our youth to develop the values and morals needed to build bridges of culture, tradition and spirit.”

## Objective & Overview

Kaival Youth is an interactive and multifaceted organization created by young adults living within the U.S.A. We want to show our generation and future generations how to be actively involved within our community and why it is important to stay connected with our roots. It has become increasingly difficult to distinguish ourselves culturally because we live in a country where it is considered normal to follow popular culture and westernize thoughts and behavior. Instead of teaching our children to conform, we should be teaching them how to integrate our culture and heritage into their individual thoughts and behaviors. At its very core, the

Kaival Dharma uses science and practicality to teach us the true meaning of God and religion. We want to use this to help youngsters connect religion and science so they may be able to positively incorporate religion within their lives.

Kaival Youth would like to help young adults, teens, and children build their faith AND help them become positively contributing members of community. In a society where conforming to popular culture has become the norm, we want to teach the youth of our generation the importance of being an individual. It is never easy to stand out or speak up but these two traits are essential for the development of young leaders. Teaching youngster how to be leaders is the very foundation of our Kaival Youth organization. Our youth are our future. Teaching them how to make positive contributions to our society, make positive changes within the community, and make lasting impressions across culture is vital. These traits will help them flourish into tomorrow’s professionals, leading and guiding people to be well rounded and balanced individuals just like themselves. In order to accomplish all these goals, Kaival Youth organizes multiple events throughout the year in various different states hoping to connect with kids, teens, and young adults.

Youth Shibir is a multifaceted Youth Camp. They are all about learning and growing as positive individuals. Growing up in today’s modernized world filled with technology and science, we think we have all the cures and all the answers. However, that is not the case. As we increase our knowledge we are also decreasing our understanding of our roots and heritage. It doesn’t have to be one or the other. We can take an active role in our society and our community and learn how to develop our faith.

So GET INVOLVED!!! Whether you are 5 or 35, you can get involved and start making a difference.
